TESTIMONIALS

“The IIA Belgium CAE Club is an interesting and valuable network that allows me to connect with other CAEs from across the country and from all sectors. It gives me the opportunity to learn from different experiences and perspectives.

IIA Belgium consistently provides us strong input for these discussions through numerous knowledgeable speakers. The company visit to Brussels Airport offered us a highly valuable and concrete opportunity to gain insight into the risk environment in which other auditors operate, while also strengthening our professional relationships that contribute to an engaging and enriching network.”

“As an active member of the IIA Belgium CAE Club, I appreciate how the sessions bring CAEs together to discuss ongoing challenges, share insights, and learn from each other.

They also provide a valuable way to benchmark our practices and gain comfort that what we do is aligned with peers across other organizations, as well as with the audit standards. It’s a unique forum that strengthens both our network and our practice.”
